I am a 6th-semester Informatics Engineering student with expertise in front-end web development. Hands-on experience in using HTML5, CSS3, JavaScript, and PHP, as well as CSS frameworks such as Bootstrap and Tailwind to build the front page of web applications. I actively learn and adapt to new technologies to continuously improve my understanding of the field of web development.

Skills

Technical Skills : HTML5, CSS3, JavaScript, PHP, Bootstrap, Tailwind, Github, Figma
Soft Skills : Teamwork, Problem Solving ,Time Managemen, Responsible, Public Speaking

Education & Training

Institut Informatika dan Bisnis Darmajaya   **Lampung**
Undergraduate Informatics Engineering GPA 3,82/4,00   *September 2021 - Present*

Bangkit Academy 2024 By Google, GoTo, Tokopedia, Traveloka
Cloud Computing Cohort   *February – Juli 2024*
- Learned how to deploy applications, monitor operations, and manage enterprise solutions using Google Cloud Platform services and tools.
